1. 留学先大学について		
授業(カリキュラム等)の概要について	The classes over there are very helpful for me to improve my English level and broaden my knowledge in my research topic. I chose a lot of classes which are related with my major. These classes give me a new insight towards the Asian problems from the perspective of United States.	

<p>留学先大学のサポート体制について (語学面／勉学面／精神面／住居・生活面など)</p>	<p>Even though University of Washington did not provide the same tutor system as that in Kyushu University, the university provides a lot of activities in order to help us to understand the American life and the study condition in UW. Every week the university provides three times of English conversation in order to improve our English level. In the first few classes, it was really very hard for me to understand the class because the class is so professional and English is so quick. Moreover, the daily expenses and the rent in Seattle are also very expensive, especially the rent in the dormitory is pretty high.</p>
<p>留学先大学に対する感想</p>	<p>University of Washington is one of the best universities around the world, which has very ancient and beautiful campus. It is able for us to learn some new knowledge from the perspective of United States. In the initial period, it is difficult for me to understand the class due to the native speakers, so everyone who wants to study in UW should be ready to endeavor to improve English level. The life over there is very interesting in UW because almost every week one organization in UW called FIUTS will organize some kind of outdoor activities which aims at enhancing the exchange among different students from different countries, exploring American natural scenery and culture and improving English level of international students. Therefore, the students who want to be open to the world should be positive to participate in these kinds of valuable activities. At the same time, the facilities like the library service, gym system and campus service in UW are also impressive</p>

<p>同じ大学への留学を希望する人たちへのアドバイス</p>	<p>I want to say University of Washington is one of the best universities around world that is worthy for everyone to endeavor to study there. Firstly, the students who want to study over there should try your best to improve your English level because it is very important to communicate with the local people, understand the class totally. Every week, UW will organize three kinds of English improving conversations including music conversation, cultural conversation and English conversation, I suggest the students from Kyudai to participate in all the conversation groups as many as possible. Because they are the good ways for you to improve English and understand different cultures.</p> <p>Moreover, as I mentioned above, I also suggest the student to join the FIUTS activities as many as possible, by which we can explore American natural sightseeing with international students and learn American cultures personally.</p> <p>Simultaneously, you should be cautious to select the courses because some courses are really very helpful while some courses may be difficult for us to understand. The students also need to prepare enough money to study in Seattle because the living expenses over there are really so high. I also encourage the students to make more new friends in University of Washington because it is a very good opportunity for us to know a lot of international students.</p>
<p>2. 事前手続き(ビザ申請など)</p>	
<p>ビザの種類</p>	<p>J-1</p>
<p>ビザ申請先</p>	<p>Fukuoka Consulate</p>
<p>必要書類、手続き方法</p>	<p>Passport Photos Some documents provided by US immigration from website</p>
<p>手続きに要した時間</p>	<p>Two month</p>
<p>その他必要な事前手続き</p>	<p>TOFEL Test Try to apply the dormitory in UW or you need to find the off campus apartments through the agency.</p>

3. 日常生活	
日常生活の概要、感想	The deepest impression over there should be the living expenses because it should be two times more expensive than that in Fukuoka. Especially the rent over there is at least seven hundred dollars if you choose the nearby apartments. It is also so expensive to live in the on campus dorms which cost you more than one thousand dollars. I suggest the students could stay in the host family, by which we can build some local connection and know how they live there live in America.
生活費(月額)及びおおよその内訳(円換算で)	生活費計 135000 円/月 (生活費内訳)住居費: 80000 円、光熱水料: 3000 円、通学費:2000 円、食費;40000 円、電話代: 3000 円、インターネット代: 2000 円、書籍代: 5000 円 その他:(具体的に) 学費・寮費以外に大学へ納入するもの(あれば) 0 円 (徴収された費用の名目を具体的に:)
日本から持参した方がよいもの(PCや変圧器等の要不要も)	I think the Japanese electricity style is similar with that in America, so it is not necessary to change the socket. However, we should be ready to prepare unlocked cell phone in order to make a call in America, because all the phones in Japan are locked.
これから留学する人への、日常生活(治安対策を含め)に関するアドバイス	The security is one of the biggest problems in America, because criminal activities always happen in that country. Particularly there are a lot of homeless people in every city. In order to be safe, do not go outside after 9 in the night. If you do not mind the money problem, it is also so safe to live in the campus dorms.
お金の管理や受け取り(銀行口座開設や海外送金、またはクレジットカード持参など)について、貴方の留学先国で最も適当な方法を教えてください。	I think the Japanese debit card will not work in America because I tried several times but I can not withdraw money. It is better for us to bring visa or master credit card to America, credit card is the most convenient way for people to consume and purchase something in America,

4. 住居、生活環境		
住居の種類(○印をつける)	・寮 ・ホームステイ ・民間アパート ・その他()	
住所／電話番号	801 NW 90 th ST, Seattle, Washington 360-932-6381	
費用(月額)	700 dollars	
どのようにして見つけたか	It is very comfortable to live in the host family because the living place is like house. the host family people are also very nice and they will invite you to attend a lot of local activities, by which we can make some local friends and learn something new from them.	
次期留学生に推薦できるかどうか、およびその理由。	I recommend the exchange students could find a host family in Seattle because it is very convenient to stay over there. sometimes the host family will cook the typical American food for the students and sometimes they will also invite the students to join their trips.	
留學生活を送る上で次期留学生に伝えたい地域情報、生活情報	The most important thing is to find a good place to live in Seattle due to the inconvenient public transportation system in Seattle. Definitely the nearer you live to the campus, the better. I recommend students could find the host family through some host family agency in Seattle like Abode which is one agency for arranging host families for international students. At the same time, I recommend the exchange students could join in the volunteer group in FIUTS, in which you will have a lot of opportunities to make new friends and know more American culture

ABODE MyUW FIUTS	http://www.abodehomestay.com/en/ https://myuw.washington.edu/ http://www.fiuts.org/	It is one homestay agency in Seattle This is personal UW account for every student This is one organization which provide a lot of activities for international students

6. その他の特記事項

Students who want to go to America for exchange should always bring the immigration document I 2094, because they will check this document with your visa at the same time. As one exchange student, every one should be open and active to participate in all kinds of exchange activities in order to learn something new from international students. The food over there may not be suitable for every one, so you could bring some condiments so as to cook for yourselves.
