

# Godzilla and Gundam: Japan's Pop Icons

Lecturer:

Yamaguchi Yozo

Curator of the Fukuoka Art Museum

## I Outline:

Godzilla and Gundam are famous in the world as two of Japan's pop icons. Although the first film and anime were made a long time ago, why they continue attracting not only Japanese but also people in the world? Focusing on the directors' thought and the process of their making, we try to show the characteristics and their meanings in Japanese popular culture.
