### Testimonials (Participants in 2024 program from Kyushu University)

*Truly enriching journey filled with challenges, inspiring moments, and personal growth. Visiting the indigenous community was particularly impactful. The lectures, discussions, workshops, and visits to cultural sites significantly boosted my self-confidence for the future. (Graduate School of Bioresource and Bioenvironmental Sciences)*

*This program, particularly the on-site component, significantly enhanced my capacity for collaborative engagement. It equipped me with practical skills in cross-cultural communication, empathetic listening, and community-based research. More importantly, it cultivated in me a mindset of openness, respect, and genuine curiosity about different ways of life. (School of Interdisciplinary Science and Innovation)*
